REGENERATIVE
ENERGY INITIATIVE

ADVANCING ENERGY SYSTEMS THAT
Renew, Revitalize & Regenerate

Because energy projects should do more than just reduce harm. They should

help communities thrive.

HOW WE CREATE IMPACT

WE BUILD KNOWLEDGE

Education, workforce development and practical resources that help students, professionals and communities make informed energy decisions.

- EnergyPath programming
- Community Education
- Workforce Development
- Student Internships
- AI Water Heater Advisor

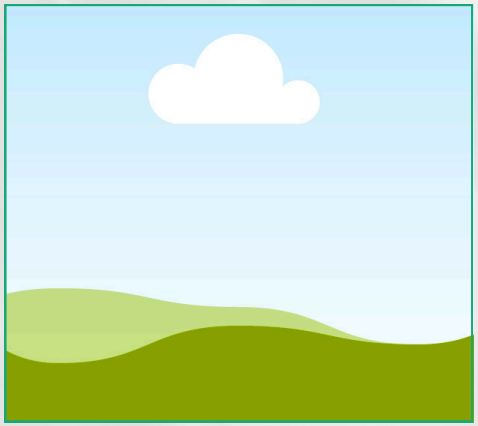

WE ENABLE ACTION

Financing, technical assistance and project support that help organizations move energy projects from concept to completion.

- Pennsylvania C-PACE
- Commercial Financing
- Project Development Support
- In-person Energy Audits

WE LEAD COLLABORATION

Bringing together industry expertise, financing partners and community leaders to accelerate energy projects and expand impact.

- Energy Service Provider (ESP) Network
- Energy Policy Expertise
- Industry & Community Convening

WE EMBODY POSSIBILITY

Visible projects and success stories that inspire action and demonstrate regenerative energy in practice.

- Net Zero Building
- Nonprofit Energy Makeover Contests
- Demonstration Projects
- Featured Projects
